

PalmPilot™ plus the power of remote access.

PalmPilot™

The Connected Organizer

[PalmPilot Modem. Actual Size.]

Snap It On For Easy Mobile Connections.

Small and lightweight, the PalmPilot Modem lets you connect to your desktop computer from anywhere there's a standard analog phone line.

Dial In To Worldwide Organization.

Access your e-mail instantly*. Synchronize your schedule with a click. Synchronize your data from anywhere. PalmPilot Modem keeps you in touch, easily.

Tap Into Reliability From A Leader.

Nothing makes organizing easier than PalmPilot and no one makes a modem more reliable than U.S. Robotics. Together, they give you all the flexibility you need, in all the places you go.

PalmPilot™ Modem gives you fast access anywhere, anytime.

PalmPilot Modem works with any PalmPilot or Pilot organizer.

14,400 bps data transfer rate, V.42 bis data compression, V.42 LAPM error correction. Average remote HotSync in less than two minutes over standard phone lines.

5-6 hours connection time on 2 AAA batteries. Average number of HotSyncs on one set of batteries: 150.

Package includes a 10' phone cord.

Weight: 2.8 oz.

Uses standard RJ11 connector.

Approved for use in the U.S., Canada and U.K.

Optional AC adapter available.

Average U.S. Street Price \$129.

Now, you're never more than a phone line away from the information that's important to you. With the PalmPilot Modem, just snap it on and press a button to connect with your desktop computer. It's the most convenient addition you can make to your PalmPilot organizer.

The Speed You Need And The Convenience You Want.

Don't let its small size fool you. Because even though PalmPilot Modem fits into your shirt pocket, it has all the power you need. Fast connections and more than 5 hours of battery life, based on an average remote HotSync™ of less than 2 minutes. There's even an optional AC adapter for users who need unlimited connection time.

The Freedom To Connect Any Way You Like.

Use the PalmPilot Modem to dial-in to your desktop computer's modem and HotSync the same way you would if your organizer was sitting in its cradle. Corporate users can add optional Network HotSync[†] to get full access to important data over your company's local-area or wide-area network. Anywhere you go, PalmPilot Modem keeps you in-touch and connected.

The Power Of True Organization.

You can leave your laptop at home! With PalmPilot Modem's fast connect speeds, reliable U.S. Robotics modem technology, and convenient size, you have the power to keep your e-mail, schedule, phone numbers and addresses current, even when your portable computer is nowhere nearby.

PalmPilot Works With Dozens of Popular E-Mail Applications:

Microsoft Mail
Microsoft Exchange
Microsoft Outlook
Lotus cc:Mail 2.5, 6.0, 7.0
And More...
